Interview Log

5:42 PM Interview commenced in Room 429  
Holiday Inn, South, Route 183,  
Irvine, Texas

5:44 PM Furnished FD-395 (Advice of Rights)  
read and signed same. Interview  
commenced by Bassett. Pearce states  
he can not say he ever saw the note  
(At time of assassination he was a  
complaint clerk sitting off the  
reception room.) He heard there  
was such a note and believes  
this was info furnished by Jenner.  
But Pearce can recall on an unknown  
date Jenner asked if Pearce knew  
who that was. Pearce states  
this must have been much  
later (than the assassination).  
If there was a note P. does not  
think he saw a note.

On 11/22/75 Pearce was on A/L as  
son had operation on knee that and  
had scheduled leave Thanksgiving  
week. After hearing Kennedy shot  
Pearce called office from hospital.  
Pearce soon after left hospital &  
returned to office. Can not recall  
his activities on 11/22 and stayed  
until about 11:00 PM. Also worked  
Sat. & Sunday. No knowledge of or

to whether Finner was in office.  
As first Pearce can recall after  
Ruby shot Oswald Pearce was  
assigned to special ~~44 case on~~  
Ruby. At some time Finner told  
Pearce Oswald had been to the  
office & left a note <sup>or letter or envelope</sup> for Hosty.  
He believing this was some weeks  
or months after the assassination.  
Pearce does not recall <sup>the</sup> mentions  
contents of note. It was Pearce's  
understanding that Oswald was a  
source of Hosty and in fact that  
Oswald came to office would not  
be unusual as sources & informants  
do sometimes come to the office.  
After going to agent's class  
and then returning to Dallas on  
assignment May 1974 Finner  
at some time since then made  
a further reference to Oswald &  
a communication. This was  
said by Finner before several  
individuals and not addressed  
solely to Pearce. On this occasion  
Finner made some comment that  
the Oswald note made some  
reference to a bombing. Pearce  
said he didn't believe her.
